2. Go to My Account>Switch User and logon on with a Non-GatorLink account (DSO, TOD, Other PeopleSoft Accounts, etc.)
3. Enter the User ID and password then press the Switch User ID button.

A screenshot of a web application's 'My Account' menu. The menu is expanded, showing a list of options: Change My Password, Store My Password Hint, My GatorLink Account Status, Update Emergency Contact, Modify My UF Business Email, Set GatorLink Email Forwarding, Update My Directory Profile, Updt My Directory Prof (TEST), My Access History, My Roles, and Switch User. The 'Switch User' option is highlighted with a blue background.
